## Sprint Description:

- The sprint 1 went well, we enjoyed creating mockups for our project to have a clear goal in the future when we need to code the interface and flow of the web application.

## Sprint Retrospective:

- What went well?
  - ◆ The team was cooperative and the deadlines were followed on time.
- What could be improved?
  - ◆ Everything works and tasks assigned are done by the team. For now, the sprint appears to work smoothly.
- What needs to be done?
  - ◆ Start creating API Specification Document.
  - ◆ Decide the web host we will be going to use.
  - ◆ Consider future revision and suggestions for improvement.
