

Appvengers - Sprint 4

Sprint 4 Completion:	$(5 / 5) * 100 = \underline{100\%}$	Overall Project Completion:	$(14 / 82) * 100 = \underline{17\%}$
			
<u>Sprint Description:</u> <p>This sprint focuses in the first week of frontend development of the team related to authentication (landing, login and register pages).</p>			
<u>Sprint Retrospective:</u> <ul style="list-style-type: none"> What went well? <ul style="list-style-type: none"> The team was cooperative and the deadlines were followed on time. We finished the initial frontend for sign in and sign up forms. What could be improved? <ul style="list-style-type: none"> We should use a partials file to store our personalized color palettes for consistent color usage across the web application. What needs to be done? <ul style="list-style-type: none"> Proceed to frontend development of static dashboard, user profile, and transaction, and analysis. We need to study SpringBoot for our backend. Consider future revision and suggestions for improvement.
