**APPVENGERS**

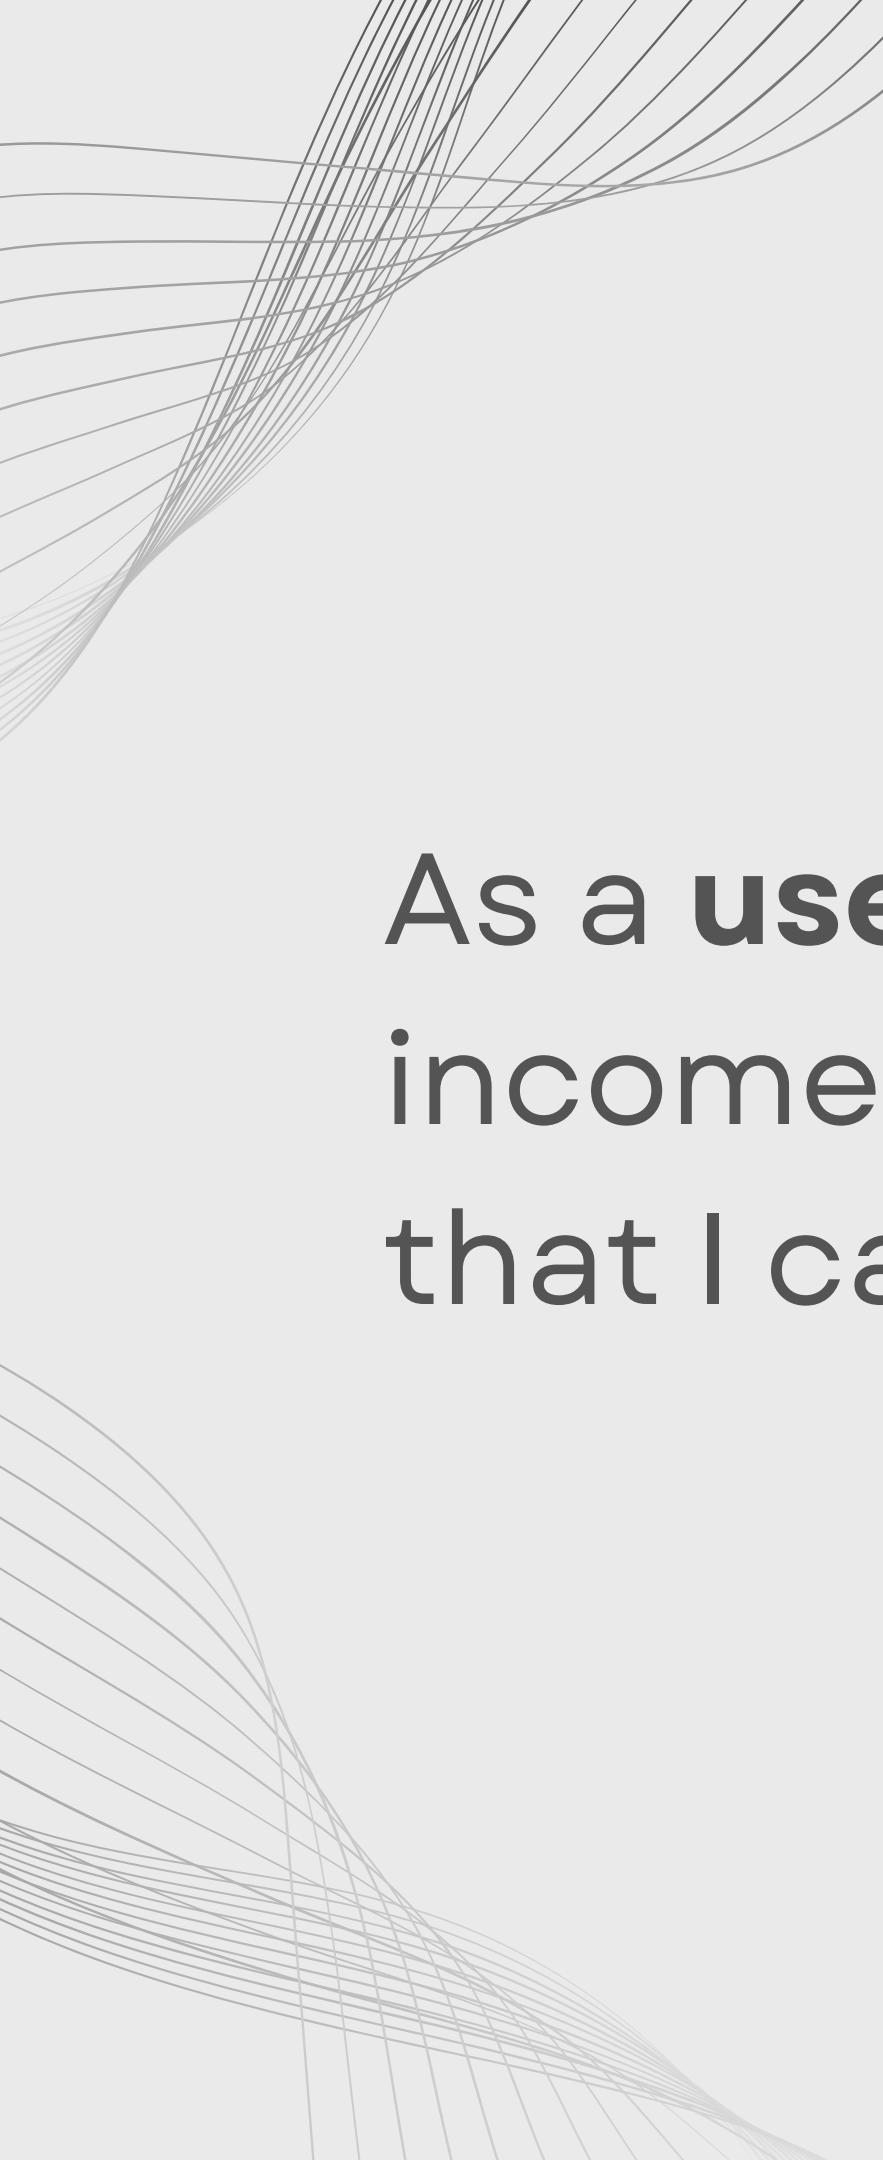

As a **new user**, I want to **create** an account so that I can securely store and access my financial data.

As a **registered user**, I want to **log in** to the web application using my email and password so that I can view and manage my budgets and transactions.

As a **registered user**, I want to **reset my password** so that I can regain access to my account if I forget my login credentials.

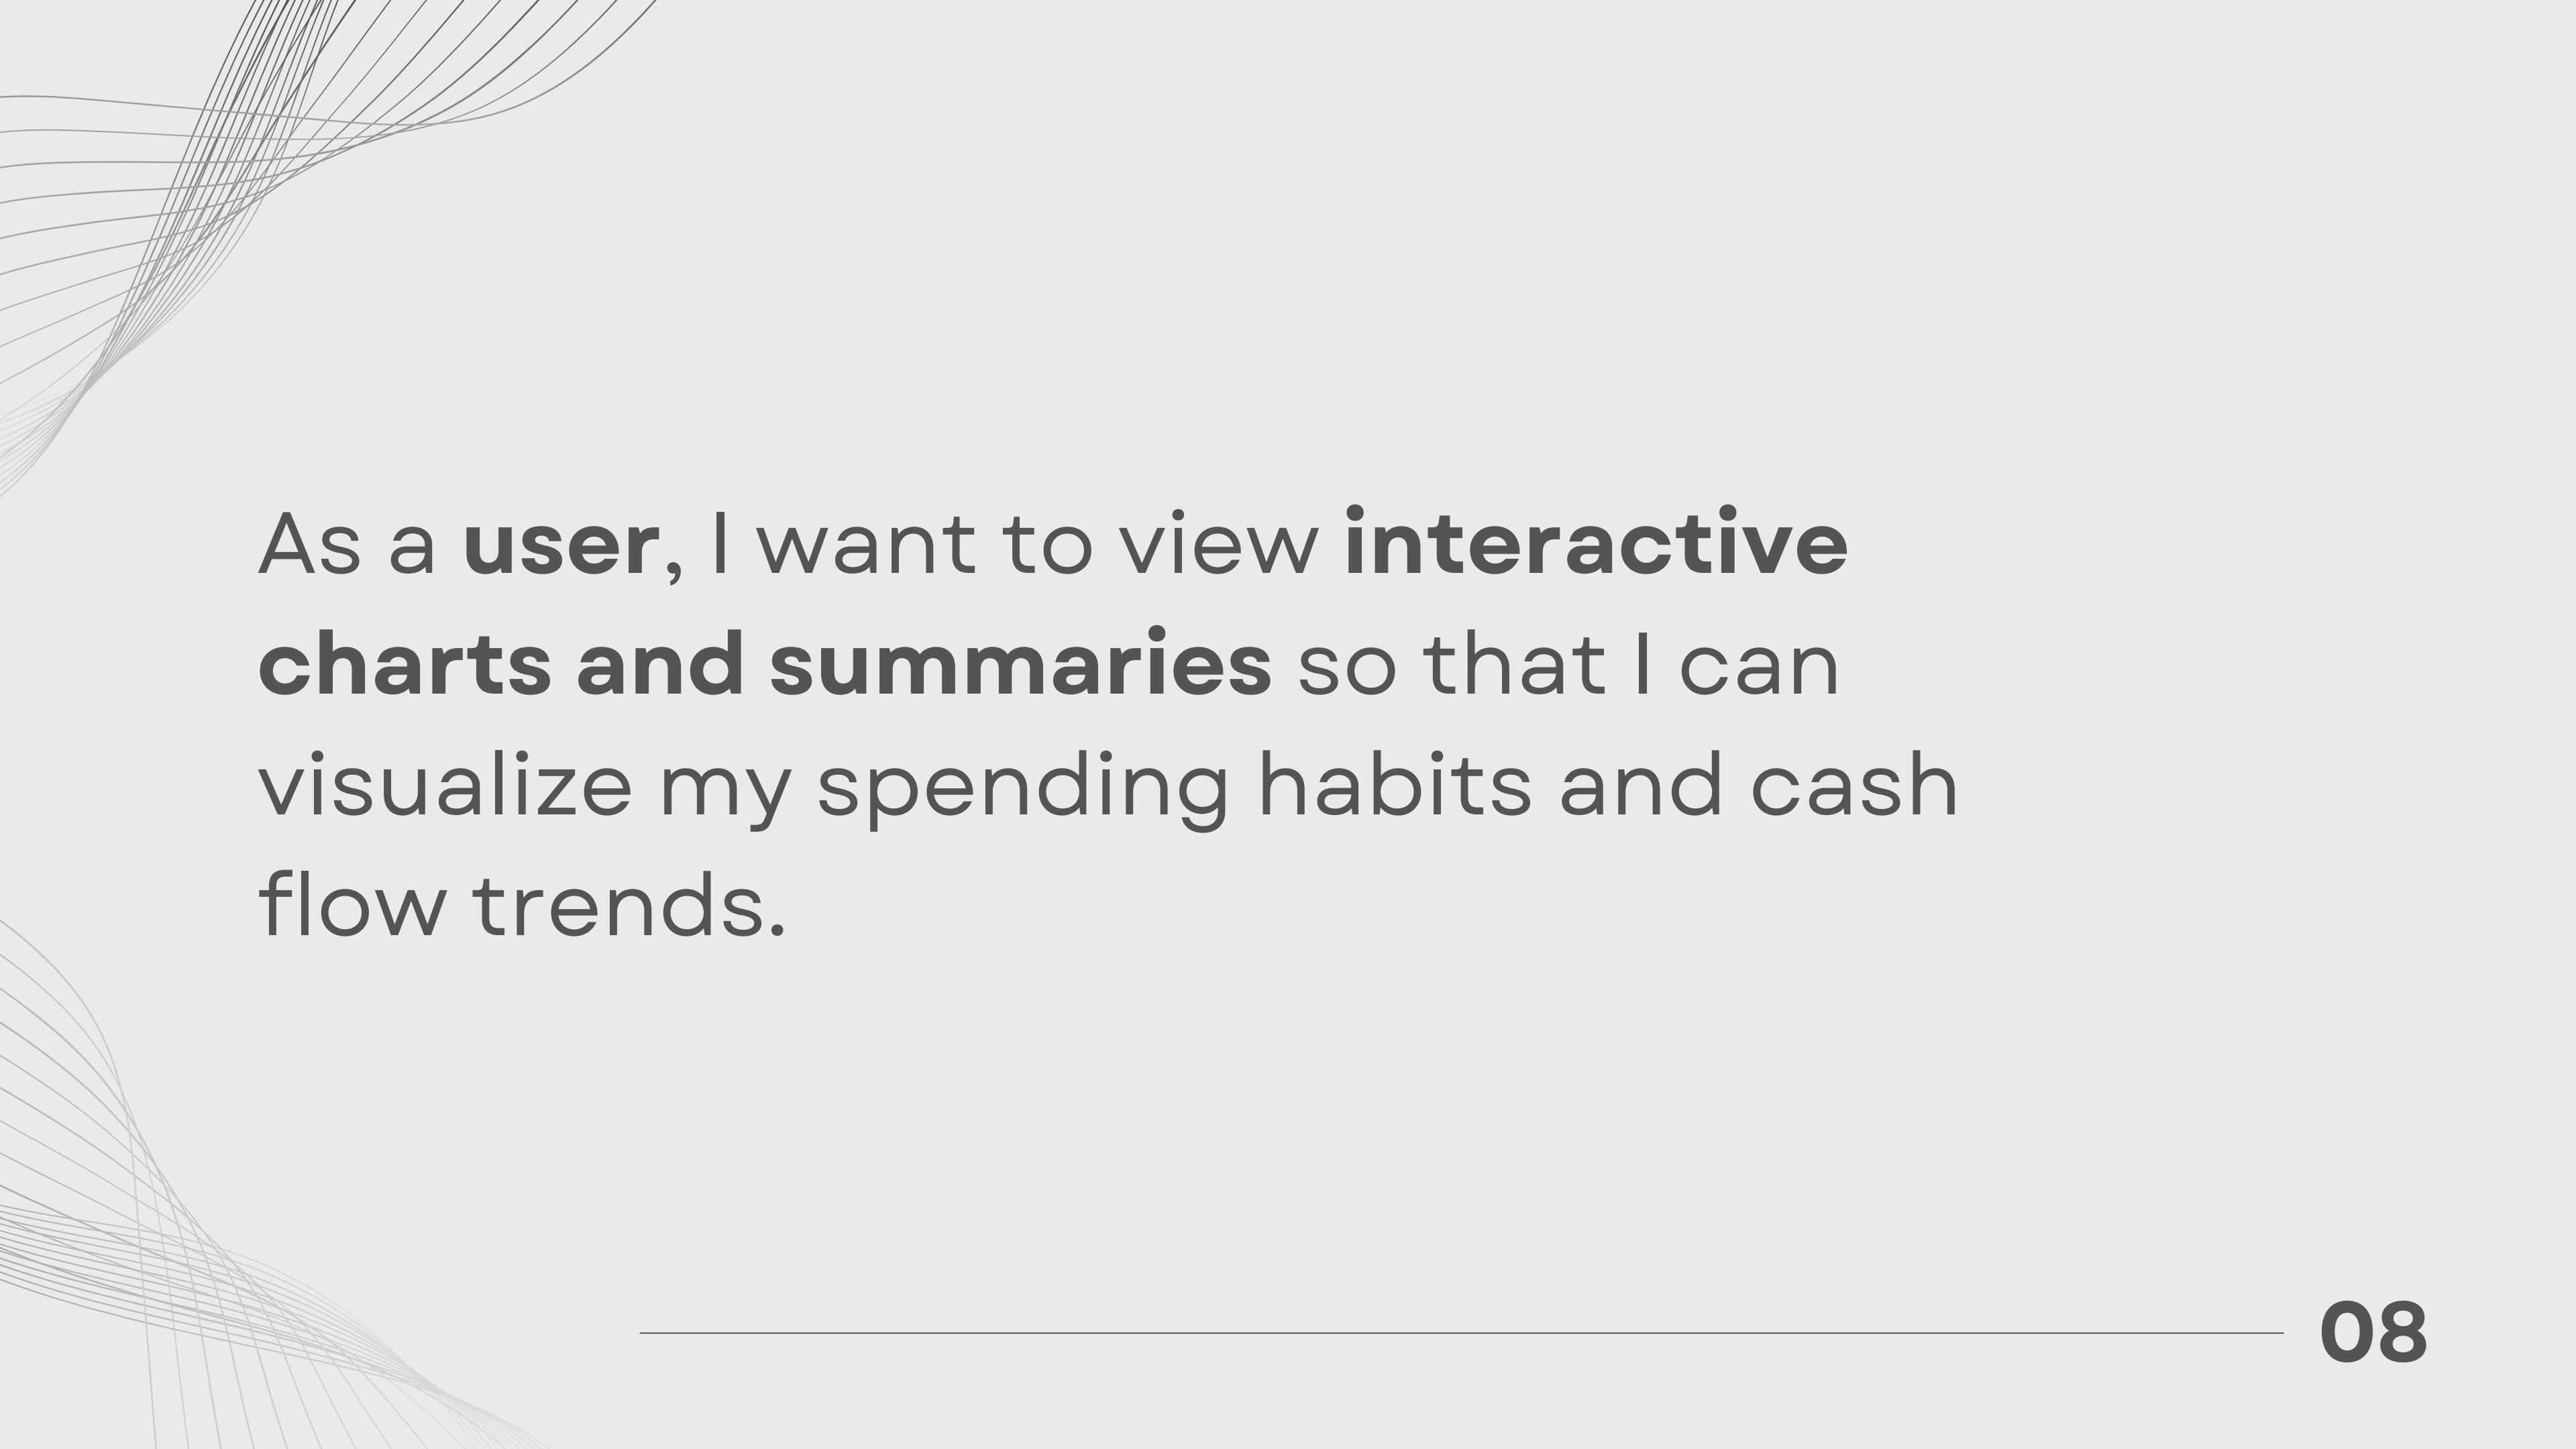

As a **user**, I want to **add**, **edit**, and **delete** income and expense transactions so that I can easily track my spending.

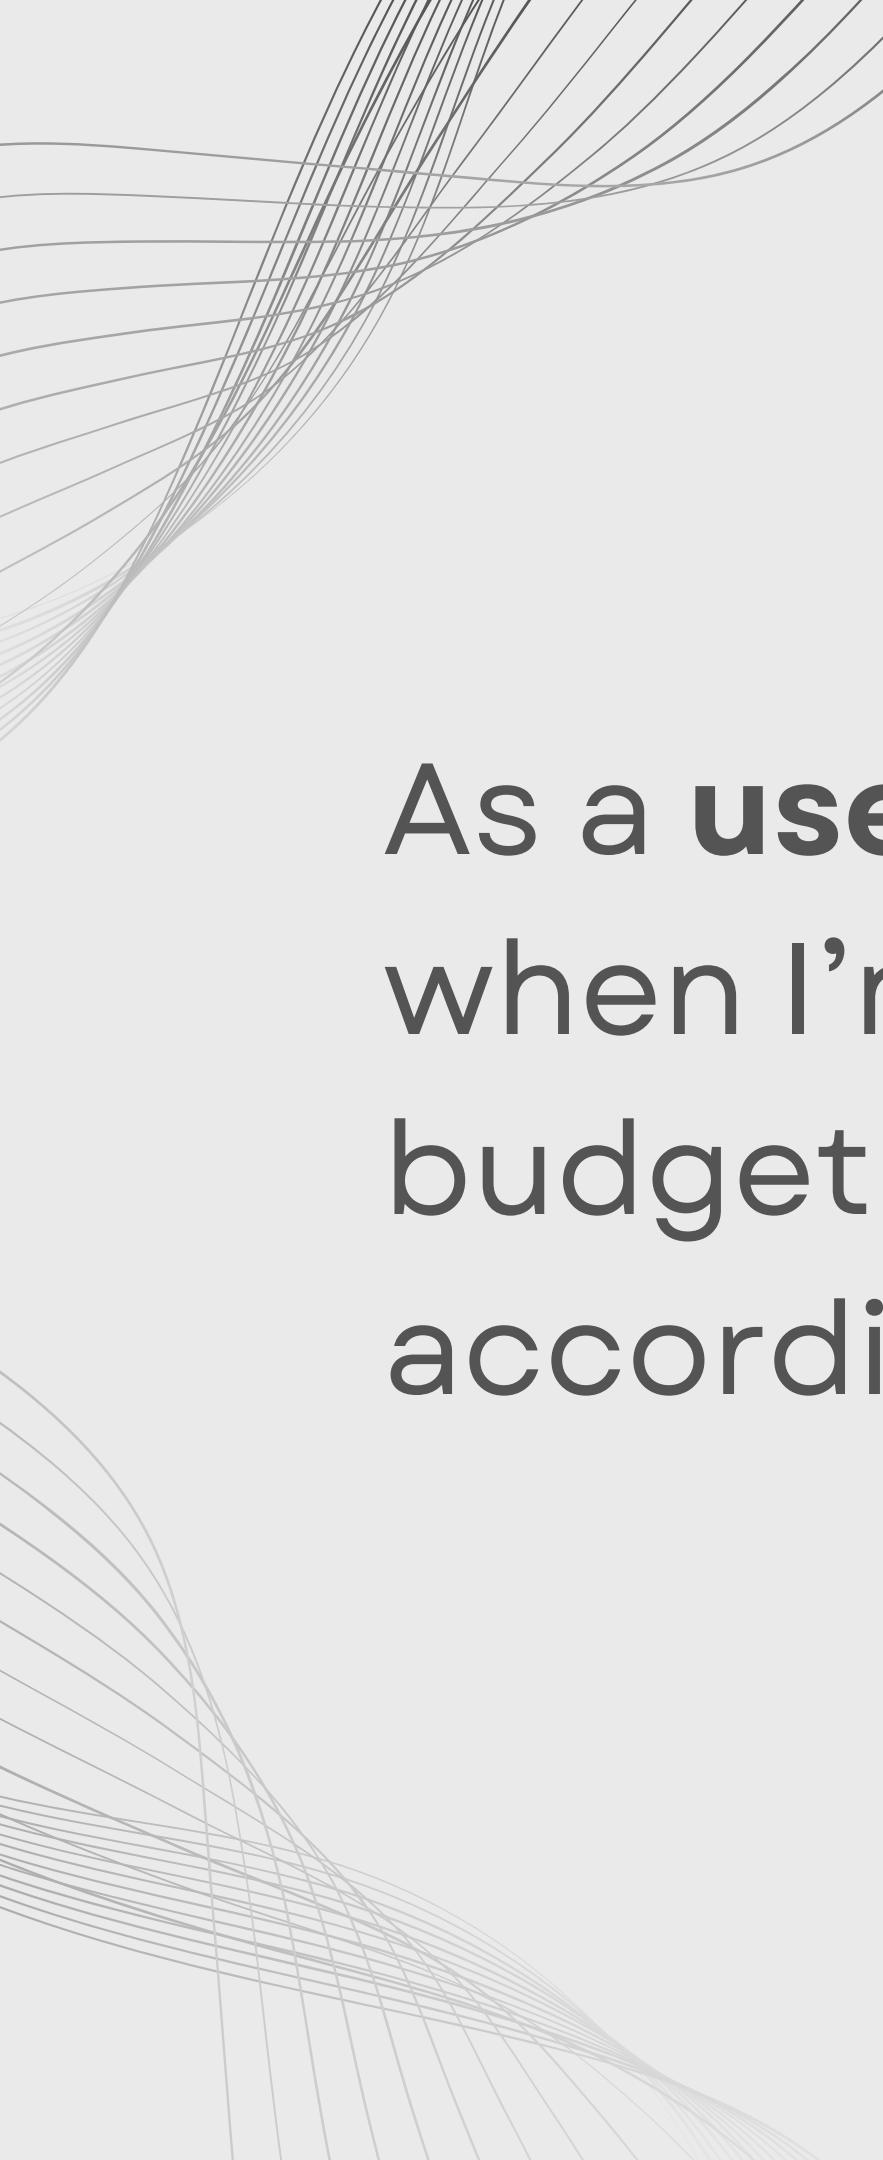

As a **user**, I want to **categorize** my income and expenses so that I can understand where my money goes.

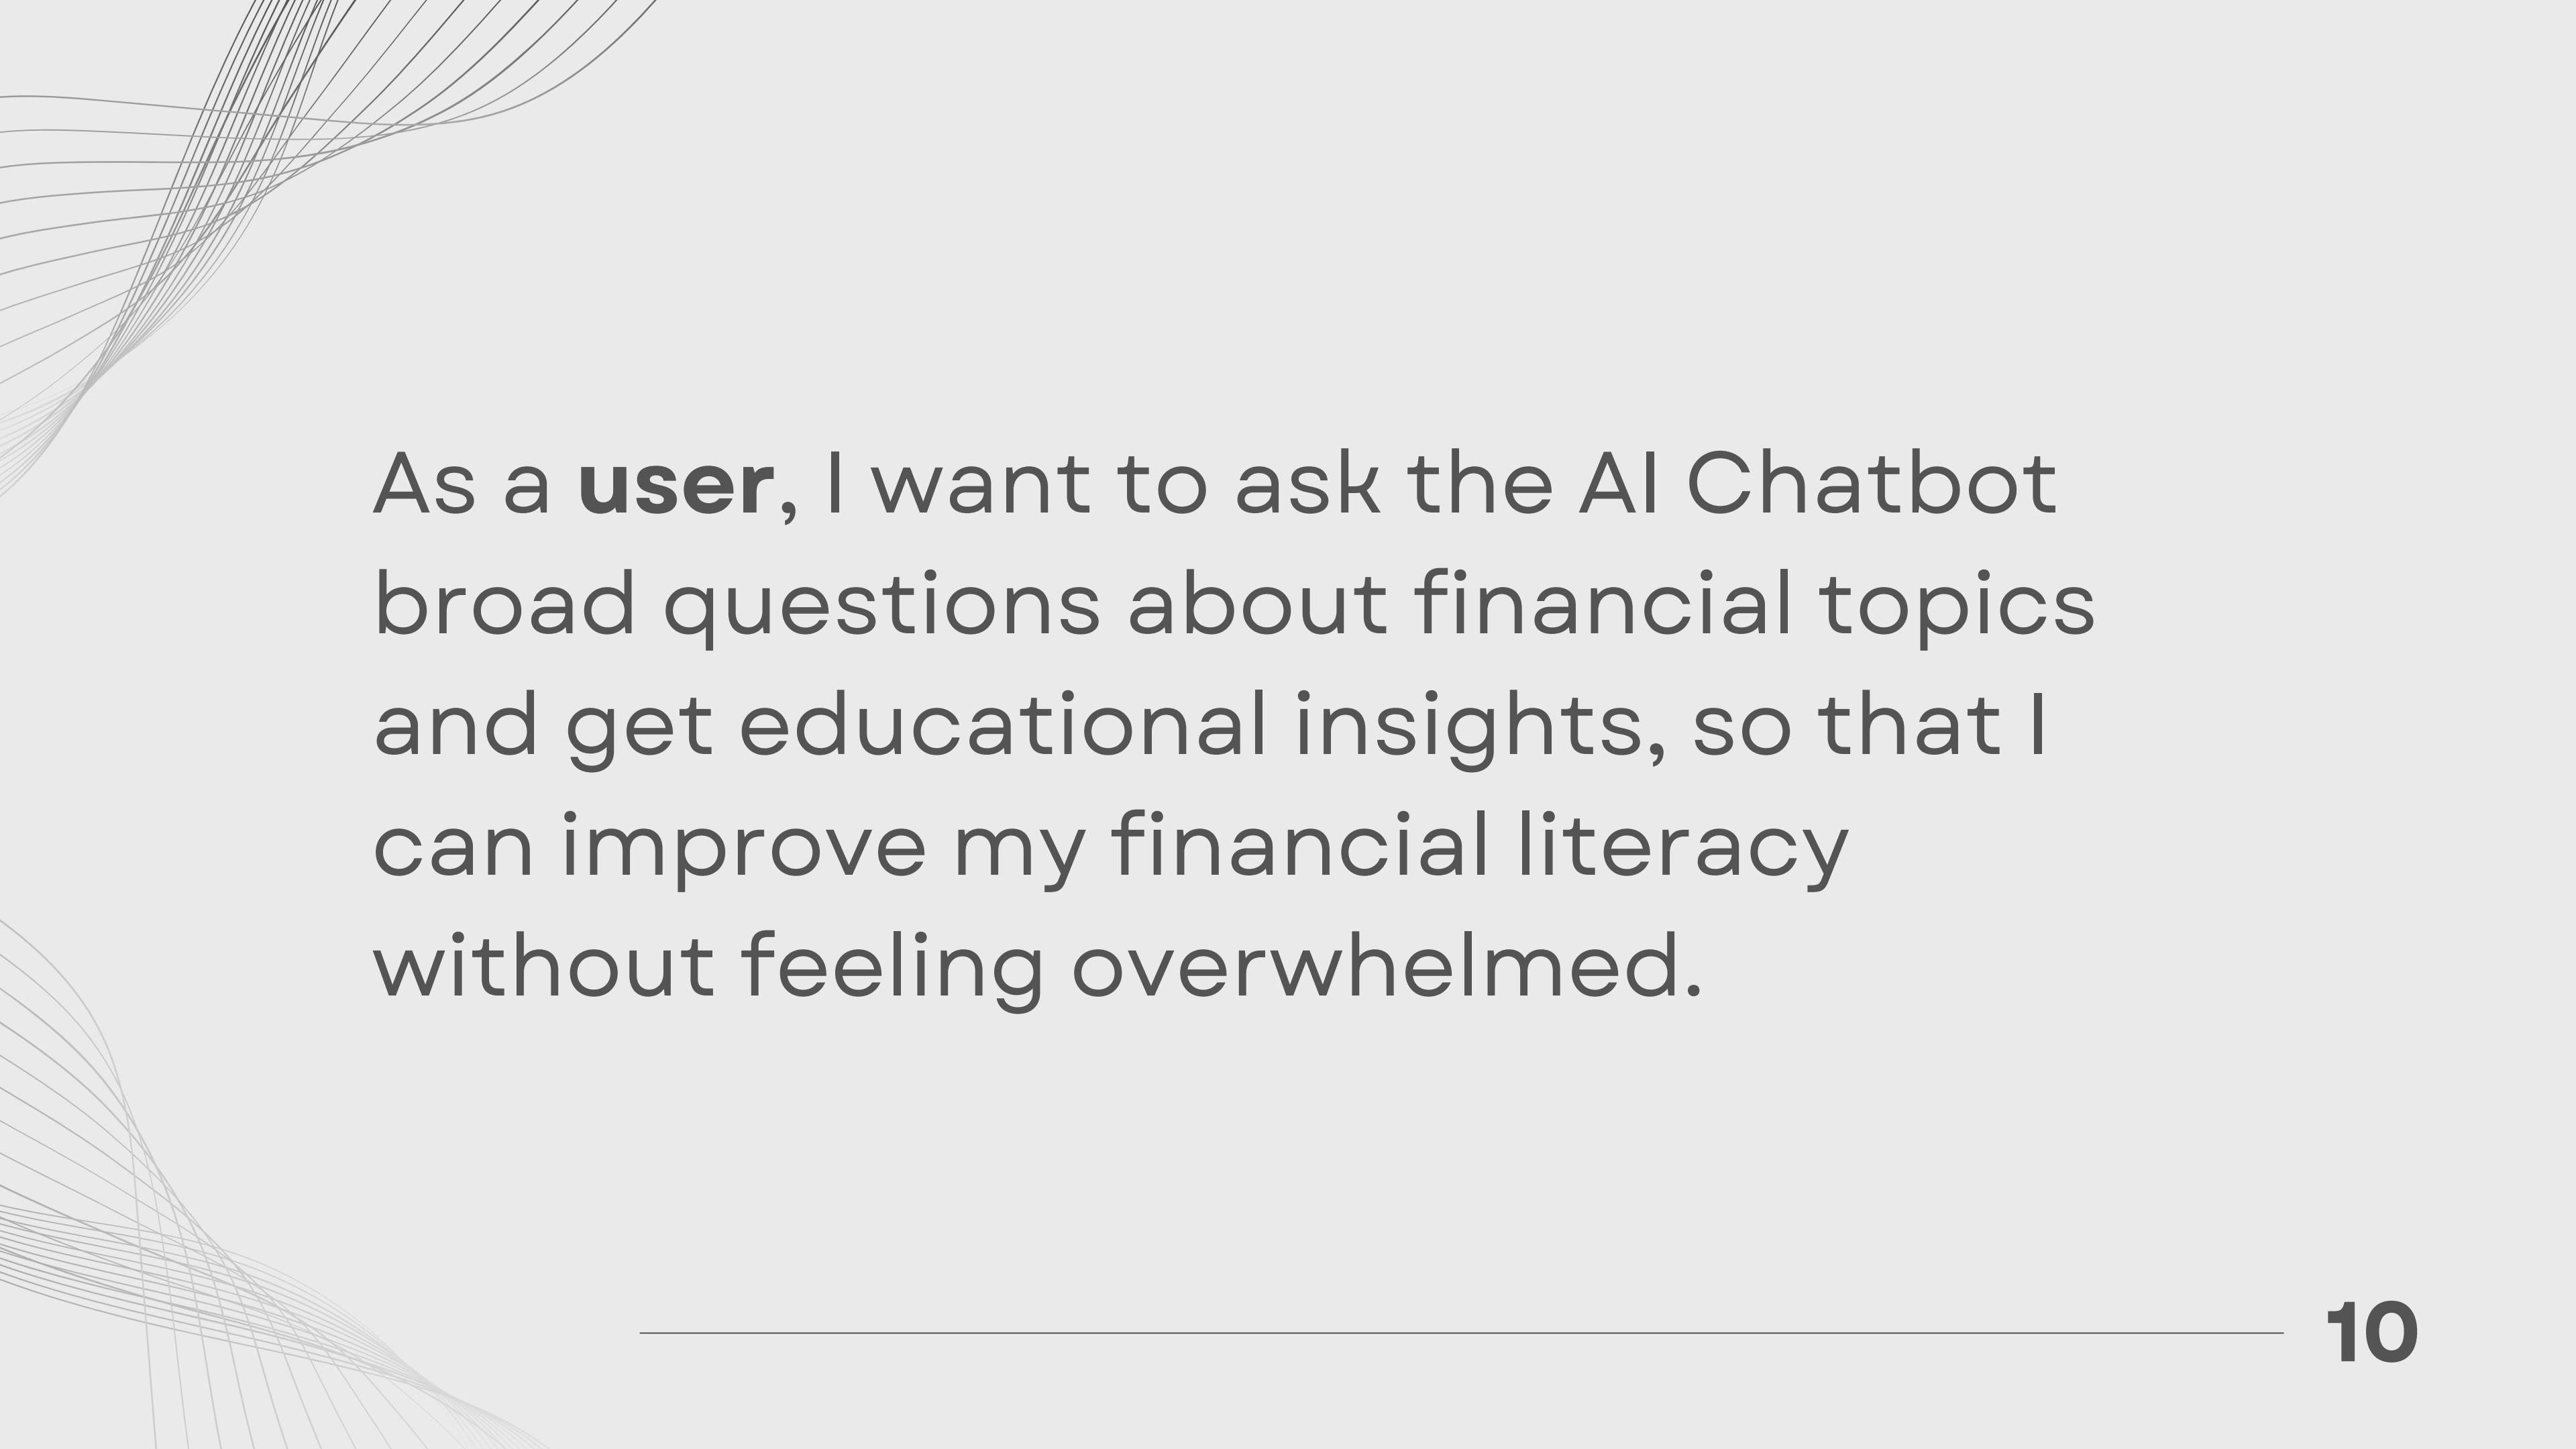

As a **user**, I want to set **budget limits** and **savings goals** per category so that I can stay within my budget and reach my financial targets.

**As a user, I want to view interactive charts and summaries so that I can visualize my spending habits and cash flow trends.**

As a **user**, I want to receive **notifications** when I'm nearing or exceeding my budget so that I can adjust my spending accordingly.

As a **user**, I want to ask the AI Chatbot broad questions about financial topics and get educational insights, so that I can improve my financial literacy without feeling overwhelmed.
