Notification Settings		December 23, 2025	Done	Sprint 13		
+ New sub-item						
Chatbot Functionality Test		December 23, 2025	Done	Sprint 13		

Sprint Description:

This sprint prioritizes the finalization of the features of the web application. It also includes updating documents, enhancements, adding responsiveness across pages for mobile devices, and implementing suggestions for the reports page.

Sprint Retrospective:

- What went well?
 - **Core features completed:** The application's main functionality is now stable and ready.
 - **Enhanced features:** Improvements added polish and usability to the web app.
 - **Test Fixes:** Fixed some failed tests in the test matrix.
 - **Document Completion:** Update initial documents.
- What could be improved?
 - Fix some *minor issues* within the web application (**if any**)
- What needs to be done?
 - **Wrap Up:**
 - **Documentation:** Confirm all features and initial documents are clearly documented and updated.
 - **Backup:** Once finalized, create a brief video presentation of iBudget features.
 - **Clean up:** Resolve code warnings for both backend and frontend modules to ensure a clean, maintainable build.
